

THE HUB

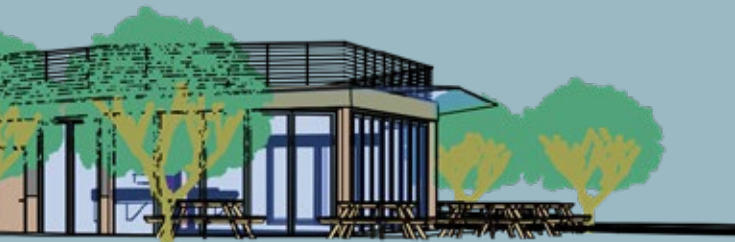

THE BASE

Thanks to your generous support, the Adventure Base now features a fantastic timber yurt village with self-catering facilities and a well-equipped shower block and WC's.

"What a life-changing time we've had together. We grew more that weekend than we could ever achieve in a year of Sundays."

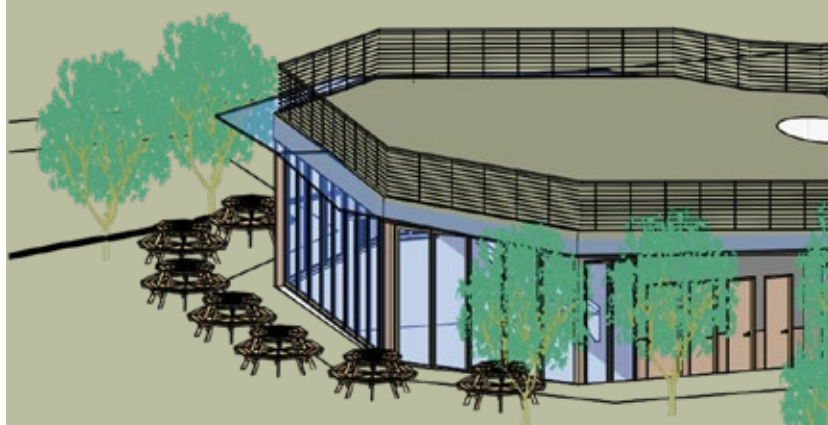

Youth Leader on a Group Adventure at the Base

THE PLAN

So, what's next?

The Hub will provide a warm, comfortable lounge and dining space where large groups can gather, relax, study, and eat together while enjoying panoramic southerly views across the lake. The overhead cables have now been rerouted and buried across the site, and the quotes to dig the lake and create the hill are encouraging.

THE HUB

With many groups now enjoying Affordable, Accessible Accommodation at the Adventure *Base* we are seeing an increasing need for a meeting space for larger groups.

The hub will be a versatile space with comfortable areas for meals and meetings, offering panoramic views across the site, with an eco-friendly green roof.

And the great news is that we already have planning permission! All we need to do now is raise the funds to make this exciting project a reality and make the *Base* an even better place to welcome thousands of children each year.

We need to raise £50,000 to make this building happen.

With your help, we can ensure that groups can enjoy unhurried meal times and gather together to learn more about our loving God.

Will you support us as we strive to provide the best possible experience at the Adventure *Base*?
